PROFILE

Full Stack Developer with 5+ years of frontend development experience in the telecom industry and currently studying Full Stack Development at Chas Academy, Sweden. Experienced in building responsive web applications and full-stack solutions using React, TypeScript, Node.js, Express, MongoDB and REST APIs. Passionate about clean code, accessibility and continuous learning.

PROFESSIONAL EXPERIENCE

Rightel Telecom Company | Jan 2018 – Jan 2023

- Developed and maintained responsive web applications using HTML5, CSS3, and JavaScript.
- Implemented new features, fixed frontend bugs, and improved usability across multiple web projects.
- Collaborated with designers and backend developers to deliver production-ready solutions in Agile teams.
- Optimized websites for cross-browser compatibility, mobile responsiveness and SEO.
- Maintained and enhanced existing web applications by analyzing requirements, troubleshooting issues, and delivering continuous improvements.

EDUCATION

- **Full Stack Developer (YH)**
  Chas Academy | 2025 – Present
  Relevant coursework: React, TypeScript, React Native, Node.js, Express, MongoDB, REST APIs, Authentication, Jest, and Agile Development.

- **Bachelor of Computer Software Engineering**
  Damavand Azad University | 2008 – 2012

ACADEMIC PROJECTS

Property Rental Platform

- **TypeScript • Node.js • Express • MongoDB**
- Built a full-stack property rental platform supporting 3 user roles (Guest, Host and Admin). Implemented REST APIs, JWT authentication, RBAC authorization, Zod validation, and Pino logging while collaborating in a Git-based team.

  Link

Productivity App

- **React • TypeScript • Jest**
- Collaborated in a team to build a productivity application featuring a dashboard, Pomodoro timer, analytics, and history using React Hooks, TypeScript, and Jest.

  Live Demo

React Native

- Built a mobile productivity application with authentication and timer functionality using React Native.

JavaScript Projects

Weather App (REST API), Currency Converter, Sushi Landing Page, and Calculator using modern JavaScript, responsive design, and API integration.
